2. Comment. The information on the return of the troop units contained in this report and the observation of troop trains [redacted] mentioned in a previous report indicate that the regiment, after the termination of the exercise near Lessau-Wiesenburg, was entrained in Lindau/ -Wiesenburg and returned to the military post of Plauen on 16 October. [redacted] As only one shipment of the 39th Gds Mtz Rifle Div was observed going from Ohrdruf to Dessau as compared to 14 trains [redacted] from Lindau, it is believed that the bulk of the division, including the regiment mentioned above went to the Dessau training area by road.
